Employer Reporting, Compliance & Education

Employers:

We understand there are lots of questions about the upcoming special session and retirement benefit changes. Late yesterday, Governor Bevin released a video with a pension update.

It's important to keep in mind that retirement benefits administered by KRS are based on state and federal law. This means the Kentucky General Assembly has to introduce and pass legislation, to then be approved by the Governor, before any changes to benefits can occur.

We will keep you informed as more information about the special session becomes available.
